

Section 01504S

TEMPORARY FACILITIES AND CONTROLS

The following supplement modifies Specification Section 01504 - Temporary Facilities and Controls Standard Specification. Where a portion of the Specification is modified or deleted by this Supplementary Specification, the unaltered portions of the Specification shall remain in effect.

1. Insert the following paragraph 1.02 and renumber existing paragraphs 1.02 to 1.03.

"1.02 UNIT PRICES

A. No separate payment will be made for any temporary facilities and controls required under this section. Include cost of such work in contract price listed for mobilization."
2. Add the following to the existing Paragraph 3.07

"F. Utility service lines are not shown on the construction document drawings. Contractor should anticipate that such service lines exist and should exercise extreme caution during construction. The utility service lines should be repaired and restored immediately as per the specification, if damaged due to any construction activities. No separate payment will be made for this repair and restoration work. Include payment in unit price for work in appropriate sections."

"G. Prior to abandonment of utility, make appropriate arrangements with City and owner of utility to terminate service, remove meters, transformers, and poles as may be required by site conditions."
